# OUR COMPANY

Kwadonga Holdings is an industry leader in Civil Engineering, Construction, Maintenance works and supply and delivery.

Kwadonga Holdings has been in construction for less than a year and has completed projects that encompass the full spectrum of civil engineering services. These include road construction, infrastructure development, parking area construction, road rehabilitation, bulk earthworks, surfacing and building construction.

Our site management teams are dynamic, skilled and have very good experience in all facets of civil engineering construction. We take pride in delivering successful projects on time, within budget and to the highest quality standards.

We have outsourced plant holding that ensures capacity for and continuity of all projects, from small to large. A rigorous company-wide training regime not only ensures quality at all levels, but effectively upskills and uplifts our staff and local population. Our clients include governments, local authorities, corporate groups, and property developers.

# OUR VISION

Our vision is to remain an industry leader in the multi-disciplines which we currently operate within the engineering industry and to expand this in the construction economy in South Africa.

We strive to be the industry's partner of choice, by delivering quality and value in the various construction sectors through integrated solutions and services.

Kwadonga Holdings strives always to create a desirable place of work within a safe working environment.

# CREDENTIALS/ POLICIES

basis to ensure that it remains relevant and appropriate to the activities Kwadonga Holdings.

## **OHSAS 18001 HEALTH & SAFETY POLICY**

Kwadonga Holdings has established a Health and Safety Management System designed to comply with the requirements of the OHSAS 18001 standard in accordance with company policy.

The Health & Safety Manager will be responsible for ensuring implementation and maintenance of the system and reports directly to the applicable Contracts Director.

The Company is committed to complying with all applicable health and safety legislation, regulations, and any industry-based best practices. To this end the Company has produced and will maintain a register of legislation and has subscribed to a third-party organisation to ensure that all new and updated items of legislation are controlled on a continual basis.

The Company is committed to continual improvement and will set itself health and safety-related targets and objectives. These targets and objectives will, where possible, be quantitative. The targets and objectives will be reviewed at least annually and will be modified from time to time to affect a process of continual improvement. Targets and objectives established will cover all aspects of the Company's activities and will aim to improve the health and safety performance of the Company.

The Company will implement, maintain, and communicate this policy to all employees and will ensure that all subcontractors used by the Company are fully aware of this policy. This policy will be made available to all subcontractors and the public.

The policy will be reviewed at least annually.

The Health and Safety Management System established by the Company is designed to comply with the requirements of the OHSAS 18001 standard and is appropriate to the nature and scale of all its activities. This policy will be reviewed on a regular

## **ISO 9001:2000 QUALITY POLICY**

It is the policy of Kwadonga Holdings (Pty) Ltd to maintain a quality system designed to meet the needs and expectations of customers and requirements of ISO 9001:2000, and to adopt and implement the quality principle of 'Right First Time' during the execution of Civil engineering projects.

We believe that a policy of quality assurance is necessary in order to guarantee our customers a consistently high level of service that fully meets their requirements.

To this end quality manuals have been formulated and will be the main guide to achieving and maintaining a safe and high-quality service. All personnel are responsible for the quality of their own work. All employees will make themselves familiar with the systems and the procedures laid down in these manuals and are responsible for implementing them during the appropriate operations.

Management undertakes to provide the resources and training necessary to ensure that all obligations under the standard can be met. The system dictates that where problems do arise, they must be dealt with in an efficient and professional manner. The quality system will be continually monitored and updated where necessary.

The quality policy will be prominently displayed ensuring that all personnel are fully conversant with the quality aims of the Company. The policy is publicly available and is on the Company's website.

The management of Kwadonga Holdings (Pty) Ltd will strive to continuously improve the quality management system and by doing so improve the service offered by the company. To this end the management will clearly define quality objectives and ensure their continuing relevancy.
